Open Days:

We strongly recommend that parents and children visit all the schools that are closest to their home, as well as their first choice school, which may be further away. You might be surprised by what you find! See overleaf for details of when you can visit.

To help you plan, we have put together a table of the open events for the schools we most commonly send children to.

Please check details with the schools: if you are looking at this electronically, you can click on the school name to go to their website.

School	During school day	Evenings / weekends
