

Year 4 Home Learning 13 - 17 July

Lesson 1 – 30 mins per day

English

This week, you'll look at and enhance your application and understanding of conjunctions, features of a newspaper report, use alliteration, write your very own newspaper report and finally, you'll be what you are, Amazing! You'll read an extract from *An inspiring Guide to Being Your Own Champion* by Sir Chris Hoy.

Spelling

You will continue to practise words ending with –ion. This is the time to have a little look through your blue spelling logbook to practise some of the words you found tricky this year with other sounds and possibly got wrong.

Next year, you'll have more to learn so try to get on top of these now and throughout the holidays.

Resources

All the resources are in the links for each day.

Monday [Day 1 - 13th July, Revising conjunctions](#)

Tuesday [Day 2 -14th July Learning- Features of a Newspaper Report](#)

Wednesday [Day 3 - 15th July Learning Writing a newspaper report using alliteration](#)

Thursday [Day 4 - 16th July Learning Writing a newspaper report](#)

Friday [Day 5 - 17th July Learning Be Amazing -Chris Hol](#)

Spelling

[Continue with practising these pages](#) should help you.

Then, test yourself with this game [Play any of the top 4 listed games: Bouncing anagram, Egg hunt, Wordsearch small or Against the clock.](#)

<p>Lesson 2 – 30 mins per day</p>	<p><u>Maths</u></p> <p>We are applying our understanding of angles and shapes, sorting and ordering them. White Rose maths have excellent tutorial videos, which teach you the objectives, give you practise questions to check and allow you to do each part of the lesson at your own pace. Each lesson lasts 20-30 minutes.</p> <p>Please either print the activity worksheets (next to each video) or write the answers in your home learning book. The answer sheets are also there, so you or your parents can check your understanding as you are working and help you with any questions.</p> <p>At the end of the week let your teacher know how you are doing via email or send a picture of your marked work for lessons 1 – 4 when you finish them all. Remember, you can email any questions you may have. The links have been included for each BBC Bitesize linked lesson, this week.</p>	<p><u>Resources</u></p> <p><u>White Rose Maths Summer Term Wk 11 W/C 6th July</u></p> <p>Each day click on the BBC Bitesize link beside the video. Then click on Year 4. This will take you to the daily lessons. Then follow the instructions below.</p> <p>Lesson 1 – <u>Identify Angles - White Rose BBC Bitesize lesson - Identify Angles</u></p> <p>Lesson 2 – <u>Compare and Order Angles - White Rose BBC Bitesize lesson - Compare and order angles</u></p> <p>Lesson 3 – <u>Triangles - White Rose BBC Bitesize lesson - Classifying Triangles</u></p> <p>Lesson 4 – <u>Quadrilaterals - White Rose maths BBC Bitesize lesson - Classifying quadrilaterals</u></p> <p>Lesson 5 - 26th June <u>Friday challenge can you complete all 5? Of course you can!</u> Spend 10 minutes practicing your times tables using an app or resource of your choice.</p>
-----------------------------------	---	--

Other
Science

This week we will think about environmental changes caused by humans which are posing dangers to another species in the UK. We will consider how habitat loss, the use of pesticides and climate change (dry Springs result in less invertebrates for hogs to eat) is affecting hedgehogs. Did you know that hedgehogs are now an endangered species? **Task:** Find out about how habitat loss, the use of pesticides, climate change and other human activities are rapidly reducing the numbers of hedgehogs.

Challenge: Create a fact file about hedgehogs, explain why their numbers are decreasing and what we can do to prevent this.

Topic

Are you worried about the future of your planet? We only have ONE planet and we are using up its resources and polluting it faster than it can cope! Think about reducing your carbon footprint by reducing the amount of electricity and water you use at home, reduce, reuse, recycle, eat local, organic produce where you can, reduce the amount of plastic you use, walk, cycle or using public transport rather than driving, take positive action by planting a tree, growing your own fruit and vegetables and buy recycled or Fair Trade products wherever possible.

Task: Think of nine possible actions **you** could take to reduce pollution and climate change. Write each action on a separate piece of paper. Rank your ideas in a diamond formation, in order of how 'good' you think the action is. Place the best action at the top, followed by a row of the next two, then the next three, then two and one at the bottom. Remember that there are no right or wrong answers – you should rank them as you think best.

Resources

[15 hedgehog facts](#)

[How the changing seasons affect hedgehogs](#)

[Why are hedgehogs declining?](#)

[Take action for hedgehogs](#)

Go to step three

[Save our World](#)

[How do human beings affect the environment?](#)

[What is a carbon footprint?](#)

Diamond 9

[Modern Foreign Languages](#)

[How to make a hedgehog out of playdough](#)

Mrs Goulden has set up a German learning page for you to access new resources each week. Click on the link to find out more.

Art

Create a hedgehog out of playdough and twigs or a painted pebble or make hedgehog cupcakes or sketch or paint a hedgehog.

Music

Improve your knowledge of instruments, composers and classical music by listening to one of *David Walliams' Marvellous Musical Podcasts* or try one of the 14 fun, family-friendly, musical challenges from Scotland's National Orchestra (RSNO). There are plenty of both to keep you going all through the Summer break!

PLEASE NOTE: DO NOT TRY CHALLENGE 6 FROM THE RSNO WITHOUT HAVING AN ADULT IN THE ROOM WITH YOU. Enjoy!

[Scotland's National Orchestra Challenges](#)

Every day, try and find time for:

At least 20 minutes reading

10 minutes practising spellings

10 minutes practising times tables

20 minutes aerobic exercise – get your heart beating a bit faster and your muscles stretching!
